

Electrotech Industries

<https://www.rosystemdelhi.com/>

An ISO 9001:2015 certified organisation and a leading manufacturer, importer & service provider of water purifiers, spares and associated accessories. These are widely used in domestic, institutional, commercial & industrial segment.

About Us

Established in the year **2004**, **Electrotech Industries**, is an **ISO 9001:2008** certified organization with a membership of **International Water Quality Association (WQA) USA**, engaged in Import, manufacturing and supplying a wide range of **Water Purifiers, Fittings and Associated Accessories**. These include **Domestic RO Water Purifiers, Commercial RO Water Purifiers and Industrial RO Water Purifiers**. In addition, we also offer **Hot & Cold Water Dispenser with RO Inbuilt, Domestic RO Cabinets, Domestic Water Purifiers, RO Systems, Reverse Osmosis Plants, UV and UF Water Purifies, Domestic RO Fittings, RO Spare Parts, Components & Accessories**. Our advanced manufacturing unit and efficient workforce enable us to fabricate our range of products in line with international quality standards. These are manufactured using high grade basic material such as ABS (Acrylonitrile butadiene styrene), PP, and other components, which ensure their good quality. We follow strict quality measures to provide a defect free range of products, which help in removing harmful components from the water. Our well-organized business operations enable us to gain a distinctive edge over our competitors. Owing to these factors, our range of products is recognized in the international market. Under the proficient guidance of our mentor **Mr. Rajender Goyal**, we have gained a strong foothold in the competitive market. His...
